

OMX 680 SPORTS

Instruction manual

Important safety instructions

In order to prevent damage to health:

- ▶ Set the volume to a low level before inserting the earphones into your ears.
- ▶ Avoid listening at high volume levels for long periods of time.

The earphones contain magnets that generate a magnetic field which could cause interference with cardiac pacemakers and implanted defibrillators.

- ▶ Keep the earphones at least 1.2" (3 cm) from cardiac pacemakers or implanted defibrillators.

In order to prevent accidents:

- ▶ Do not wear the earphones in an environment that requires your special attention (e.g. in traffic).
- ▶ Keep the earphones and accessory parts out of reach of children who could swallow smaller pieces.

In order to prevent damage to the earphones:

- ▶ Do not heat the earphones (hairdryer, heating, extended exposure to sunlight, etc.).
- ▶ Do not store wet earphones in a bag.

Specifications

Frequency response 18 to 20,000 Hz

1 cable clip

1 storage pouch

1 instruction manual

Accessory parts are available from your Sennheiser partner. To find your Sennheiser partner, please visit our website at www.sennheiser.com > Service & Support > Service Partners.

Inserting into the ears

WARNING Hearing damage due to high volumes!

Listening at high volume levels for long periods can lead to permanent hearing defects.

► Avoid listening at high volume levels for long periods of time.

To ensure the best possible sound performance, use the supplied ear pads. Place the earphones as close as possible in front of your ear canals and make sure the earphones are snuggly seated.

► Choose between the ear sleeves with the foam ear pads (**a**) or the air cushion adapters (**b**) and attach them to the earphones.

a

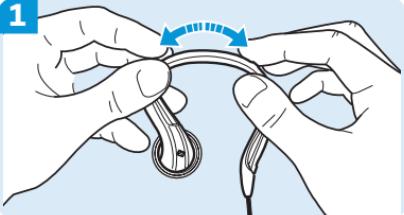

b

► Adjust the ear clips to fit your ears and put the earphones on.

Optimum cable routing

- ▶ Ensure that the cable is routed close to the body, but that your freedom of movement is not restricted.

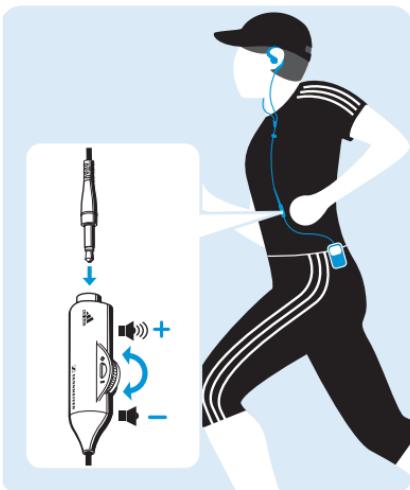

To relieve cable strain and reduce body sound:

- ▶ Use the supplied cable clip.

Adjusting the volume

- ▶ Use the supplied extension cable with volume control if you want to wear your audio source e.g. attached to your waistband.

Cleaning the earphones

CAUTION

Danger of damage to the earphones!

Contact with any liquid under pressure or extended contact with any liquid can cause it to seep into the earphone housing resulting in damage to the earphone.

- ▶ Do not use any solvents or cleansing agents.
 - ▶ Do not immerse the earphones into water for extended periods of time.
 - ▶ Do not expose the earphones to excessive water pressure.
-
- ▶ Use a cloth to carefully remove buildup from the earphones and ear pads.

Or:

- ▶ Carefully rinse the earphones under lukewarm running water.
- ▶ Then allow the earphones to air dry at room temperature.

Manufacturer Declarations

Warranty

Sennheiser electronic GmbH & Co. KG gives a warranty of 24 months on this product.
