

MX 680 SPORTS

Instruction manual

Important safety instructions

In order to prevent damage to health:

- ▶ Set the volume to a low level before inserting the earphones into your ears!
- ▶ Avoid listening at high volume levels for long periods of time.

The earphones contain magnets that generate a magnetic field which could cause interference with cardiac pacemakers and implanted defibrillators.

- ▶ Keep the earphones at least 1.2" (3 cm) from cardiac pacemakers or implanted defibrillators.

In order to prevent accidents:

- ▶ Do not wear the earphones in an environment that requires your special attention (e.g. in traffic).
- ▶ Keep the earphones and accessory parts out of reach of children.

In order to prevent damage to the earphones:

- ▶ Do not heat the earphones (hairdryer, heating, extended exposure to sunlight, etc.).
- ▶ Do not store wet earphones in a bag.

Specifications

Frequency response 18 to 20,000 Hz

118 dB

SPL (1kHz/1Vrms)

- 1 pair of housing rings 
- 1 extension cable with volume control
- 1 cable clip
- 1 storage pouch
- 1 instruction manual

Sound quality and correct fit

WARNING Hearing damage due to high volumes!

Listening at high volume levels for long periods can lead to permanent hearing defects.

- ▶ Avoid listening at high volume levels for long periods of time.

Use the earphones:

- With EarFins during sports activities
- Without EarFins during normal daily use

To ensure a comfortable fit and the best possible sound performance, adapt the earphones to your ear using the supplied ear pads. Place the earphones as close as possible in front of your ear canals.

Sports adjustment with EarFins

To ensure that the earphones are securely seated during sports activities:

- ▶ Select the correct size of EarFins and attach them to the earphones (1). Observe the “L” (left) and “R” (right) markings on the earphones and EarFins.
- ▶ Choose between the solid ear sleeves with the foam ear pads (2a) or the air cushion adapters (2b) and attach them to the earphones.

Normal adjustment without EarFins

To adjust the earphones for daily use:

- ▶ Select the housing rings and attach them to the earphones (1).
- ▶ Choose between the solid ear sleeves with the foam ear pads (2a) or the air cushion adapters (2b) and attach them to the earphones.

Inserting into the ears

To use the earphones with EarFins:

▶ Slightly press the EarFins down.

▶ With the EarFins pressed down, insert the earphones into your ear.

▶ Release the EarFins and position the earphones so that a comfortable and snug fit is ensured.

i Accessory parts are available from your Sennheiser partner. To find your Sennheiser partner, please visit our website at www.sennheiser.com > Service & Support > Service Partners.

Optimum cable routing

- ▶ Ensure that the cable is routed close to the body, but that your freedom of movement is not restricted.

To relieve cable strain and reduce body sound:

- ▶ Use the supplied cable clip.

Adjusting the volume

- ▶ Use the supplied extension cable with volume control if you want to wear your audio source e.g. attached to your waistband.

Cleaning the earphones

CAUTION

Danger of damage to the earphones!

Contact with any liquid under pressure or extended contact with any liquid can cause it to seep into the earphone housing resulting in damage to the earphone.

- ▶ Do not use any solvents or cleansing agents.
- ▶ Do not immerse the earphones into water for extended periods of time.
- ▶ Do not expose the earphones to excessive water pressure.

▶ Use a cloth to carefully remove buildup from the earphones and ear pads.

Or:

- ▶ Carefully rinse the earphones under lukewarm running water.
- ▶ Then allow the earphones to air dry at room temperature.
