

HD 515

High-End Sound experience

This headphone is a classic all-rounder and an affordable entry into the audiophile 500 series. The HD 515s are fitted with Sennheiser's innovative E.A.R. technology, plus special Duofol diaphragms that reduce unwanted resonances to an absolute minimum. Overall listening pleasure is combined with outstanding wearing comfort.

- Open, circumaural, dynamic, wired stereo headphones
- Ergonomic Acoustic Refinement (E.A.R.) enables ideal sound channelling for a new kind of listening experience
- State of the art, advanced Duofol diaphragms
- Highly optimized, field-strengthened neodymium ferrous magnet systems
- Outstanding wearing comfort for long listening sessions
- Longevity through exchangeable components (ear pads, cable, headband)
- Lightweight aluminium voice coils for high efficiency and excellent dynamics
- 2-year warranty

HD 555

High-End Sound experience

The HD 555 features a special internal Surround Reflector, which generates an extended spatial sound field, making it the ideal headphone for home cinema as well as music. Other innovative features include Sennheiser's E.A.R. technology and optimised Duofol diaphragms for a new level of audio enjoyment. Overall listening pleasure is combined with outstanding wearing comfort.

- Open, circumaural, dynamic, wired stereo headphones
- Ergonomic Acoustic Refinement (E.A.R.) enables ideal sound channelling for a new kind of listening experience
- State of the art, advanced Duofol diaphragms
- Highly optimized, field-strengthened neodymium ferrous magnet systems
- Outstanding wearing comfort for long listening sessions
- Skin caressing velour ear pads even allow the wearing of spectacle frames without loss of comfort
- Longevity through exchangeable components (ear pads, cable, headband)
- Lightweight aluminium voice coils for high efficiency and excellent dynamics
- Surround reflector improves spatial sound characteristics
- 2-year warranty

HD 595

High-End Sound experience

Welcome to a new dimension. The HD 595 is the star of the range, boasting a new level of comfort and sound quality. Amongst many others, its features include our E.A.R. technology and a highly constant, compressed cellulose fleece for reducing total harmonic distortion. The skin caressing ear pads and high-quality leatherette headband both provide outstanding wearing comfort. And let's not forget the nifty storage bracket which is included in the scope of delivery.

- Open, circumaural, dynamic, wired stereo headphones
- Highest-grade components for outstanding acoustic performance
- Ergonomic Acoustic Refinement (E.A.R.) enables ideal sound channelling for a new kind of listening experience
- State of the art, advanced Duofol diaphragms
- Highly optimized, field-strengthened neodymium ferrous magnet systems
- Outstanding wearing comfort for long listening sessions
- Skin caressing velour ear pads even allow the wearing of spectacle frames without loss of comfort
- Longevity through exchangeable components (ear pads, cable, headband)
- Lightweight aluminium voice coils for high efficiency and excellent dynamics
- Special diaphragm geometry reduces intermodulation distortion
- Highly constant, compressed cellulose fleece reduces total harmonic distortion
- Headphone holder included – ideal for easy shelf and table mounting (horizontal & vertical)
- 2-year warranty
